

Public Event Sites

During the 2015 Legislative Session

Minnesota State Capitol Restoration Project

Architectural Integrity. Building
Functionality. Life Safety.

The Minnesota State Capitol Restoration Project has affected locations available for public rallies and special events through the end of 2016.

There will be no indoor event space available and no group tours scheduled until the Capitol Restoration Project is complete. All events for the 2015 legislative session within the State Capitol Complex must be held outside. We encourage you to contact the alternate venues listed below if you would like an indoor space for your event.

The coordination and approval of special events and public

rallies within the State Capitol Complex are managed by the Plant Management Division of the Department of Administration. Please email the [Plant Management Division](#) if you have questions or special needs. You can also see more information about [holding events](#).

To learn more about visiting the Capitol during construction, parking and transportation options, accessibility, and frequently asked questions, see the [Minnesota State Capitol Restoration Project](#) website.

Alternate Venue Availability
