

2023 MSBA Leadership Conference

Insights Through Futures Thinking: Leading for the Future (LeaF)

In this interactive session participants will practice using futures thinking tools to help identify short- and long-term implications of a specific change. They will also learn how to integrate future-oriented strategies to begin preparing for an uncertain future. Attendees will be introduced to the MSBA and [KnowledgeWorks](#) futures thinking leadership group, [LeaF](#).

All materials for this session are available at this [LINK](#).
